As providers of NHS services under the General Dental Services Regulations (as well as private care), the dentists are public authorities under the Freedom of Information Act 2002 and are required to adopt and maintain a scheme of the information we publish. The purpose of the Act is to ensure that organisations working for the public are more open about the information they have. The Guide has been prepared in consultation with the General Dental Practice Committee of the British Dental Association.

The dentists at the practice have regard to the public interest in the information that it makes available. We are committed to openness and transparency.

From 1st January 2005 we have been required by the Freedom of Information Act 2002 to respond to requests from the public to access recorded information that we hold about our NHS services. There are some exemptions to this right and it does not change the rights of our patients to have all of their personal information kept strictly confidential and available to them on request under the General Data Protection Regulations

This guide will be reviewed regularly and we will also keep the list of publications up to date.

Introduction

This Publication Scheme is a complete guide to the information routinely made available to the public by each of the dentists at the Tovey Little Dental Centre. It is not a complete list of publications since this will change as other things are produced, but it is a description of the classes of information that we provide. A full list of publications is available on our practice website or by contacting Mrs K Fox who is responsible for the day to day running of the scheme. She can be contacted in person at the practice by telephoning 01924 374092 or Karen@toveylittle.co.uk

This guide will be reviewed at regular intervals and we will monitor its effectiveness.

How much do they cost?

All publications are free unless otherwise stated. Where a charge is made for publications, the cost is stated below under each class of information.

How are they published?

All of the information is available to view on the practice website at www.toveylittle.co.uk

Your right to personal information

As well as our published information, present and former patients of the practice have the right to access the personal information that we hold about them in accordance with the General Data Protection Regulations. Details of how to do this are contained in the Practice Data Protection Policy which is available from reception

Feedback

We welcome your views on additional classes of information which might be included and on the publications themselves. If you have any comments or suggestions about the scheme, please send them in writing to

Exemptions

We aim to be as open as possible. However information may be withheld where disclosure may seriously prejudice law enforcement, legal proceedings or regulatory or enforcement activity, or where law prohibits the disclosure. We may also withhold information which may seriously prejudice the commercial interests of any person or organisation; and information which is personal information under the General Data Protection Regulations. It may be that an otherwise accessible document contains exempt information, in which case it will not be possible to grant access to the entire document.

Even if the information is exempt, a request for it can still be made from January 2005.

Classes of information

We hold various types of information which we review, retain or dispose of according to NHS rules. Our information is classed into six categories:

1. Who we are
2. Our services
3. Financial information
4. Complaints
5. Our policies and procedures
6. This guide.

Class 1: Who we are

Details of all the dentists, dental therapists and dental hygienists are contained in the practice information leaflet. Details include name, sex and registration number with the General Dental Council, specialist status and whether they are full or part time. The name of the practice manager is also included.

Class 2: Our services

Information about our services is contained in the practice's patient information leaflet which is available at Reception. The information includes:

- Opening times
- Arrangements for emergency care
- Details of access to the premises for people with disabilities
- Whether we have a dental hygienist or orthodontic treatment is available
- Whether we provide intravenous sedation for anxious patients

- Information about the care and treatment provided by the practice
- Oral health information leaflets

The practice offers NHS and Private Care.

Children and adults who are exempt from NHS charges can register for NHS treatment.

Mr Colin Tovey offers private treatment only at the practice.

Our dental hygienists provide periodontal treatment on the NHS and routine scalings privately

Standards

Our standards are assured by NHS regulations relating to our participation in clinical governance, clinical audit and peer review; and by the General Dental Council requirements for continuing professional development. Our practice is inspected by the Care Quality Commission. Last inspection by the CQC was in 2013

Class 3: Financial information

We have information displayed in the waiting room about:

- The cost of NHS treatment
- Entitlement to exemption and remission from NHS dental charges
- Our private charges

Our income from the NHS derives primarily from monthly fees for the number of patients we have on our list and fees for individual items of treatment. There are also some allowances for such things as continuing professional development and the overall amount of NHS care we provide. These fees and allowances are set by Government and we claim separate fees for each treatment we provide by sending a form to the Dental Practice Board. In addition, for each individual patient, we receive a small continuing care (adult) or capitation (children) fee.

Out of this income the practice pays the full cost of providing care, including the provision of the building, equipment, materials and staff.

Class 4: Complaints

We have a practice complaints procedure, a copy of which is available in the waiting room and any complaints about this publication scheme or about any aspect of the services provided by our dentists and dental staff should be made under this complaints procedure.

If we are unable to resolve any complaint about the Scheme, you can complain to the Information Commissioner (England, Wales and Northern Ireland)

<http://www.ico.gov.uk/>

From 1 January 2005, when the general right of access comes into force, there will be a formal appeal mechanism when information is withheld. Further details on this will be available on the Commissioner's website

Class 5: Practice policies

We have policies and procedures which ensure that the practice operates in a safe and efficient manner. The leaflets cover various topics, such as what we do with the information we hold about patients, our payment policy and health and safety issues.

Copies of the policies are available from Reception.
